

# SINCE 1986

 **MADE IN CHINA**

## ABOUT US

TIANRUI GROUP was established in 1986, the earliest manufacturer of poultry equipment and setter of poultry equipment industrial standards in China.

30 Years' Equipment Producing Experience. Focusing on manufacturing, researching and developing automatic layer, broiler and pullet raising equipment, TIANRUI provides customers with poultry farming solutions, including product research and development, project design, production, installation and service.

Over 20 Years' Chicken Raising Experience. TIANRUI has a 600,000 birds modern layer demonstration farm, a 1,000,000 pullets' demonstration farm, a broiler farm with an annual output of 1,000,000 birds and an organic fertilizer producing and processing base with the annual production capacity of 50,000 tons.

We have passed the authentication of ISO9000. ISO14000. OHSAS18001 and got 359 national patents. Our products are exported to many foreign markets, including more than 40 countries in Asia, East Europe, South America, Middle East and Africa.

TIANRUI not only has been the supplier of each cooperative partner, but also their farming consultant.
